

## Overview of Conlan sizes

Discover the many design opportunities with different frames and labels with your own logo and color

## Baseline frames

The Baseline frames are the classic and most commonly-used frames.

- Available in the colors: white, steel metal and charcoal grey.
- Many different sizes, e.g. 1 module, 1½ module, 2½ module and 3½ module (Width 50 mm).

## Soft frames

The soft frames are the series with soft and elegant edges. Soft frames must be used together with a mounting frame.

- Available in the colors: white, light grey, steel metal and charcoal grey.
- Many different sizes, e.g. 1 module, 1½ module, 2 module and 3½ module (Width 64 mm).

## Pure frames

The Pure frames are characterized by their luxurious expression with frames in steel and glass finish. Pure frames must be used together with a mounting frame.

- Available in the colors: white or black glass and stainless steel.
- Many different sizes, e.g. 1 module, 1½ module, 2 module and 2½ module (Width 65 mm).

## Choice frames

Choice frames are the series where 6 color options or patterns are included, so you can create the desired expression. Choice frames must be used together with a mounting frame.

- Available in the colors: Transparent or frosted frame with 6 different colors/patterns.
- Many different sizes, e.g. 1 module, 1½ module, 2½ module og 3½ module (Width 65 mm).

## Slim frames

The slim frames are the minimalistic series where the frames are just 5 mm deep. Slim frames must be used together with a mounting frame.

- Available in the colors: white, stainless steel and charcoal grey.
- Many different sizes, e.g. 1 module, 1½ module, 2½ module and 3½ module (Width 55 mm).

## European frames

The European frames are well known and used in many different European countries.

- Available in the color white.
- Sizes: Ø60 boxes with width 80 mm. or 86 mm.
